## Projects

### ● Personal Portfolio Website

URL: [girishportfolio.netlify.app](https://girishportfolio.netlify.app)

Created a portfolio website to showcase my skills, projects and qualifications.

- Developed a responsive website using HTML, CSS, and JavaScript.
- Showcased web projects and skills.
- Ongoing maintenance and updates.

### ● Sign Language Translation Glove For Speech Disabled

Built a glove that could translate American Sign Language to audio using Raspberry Pi Pico and CircuitPython.

- Achieved 95% efficiency.
- Increased responsiveness.
- Reduced cost by 30%.

## Strengths

### ○ Team Spirit

Playing basketball from a young age, I have applied these three concepts: lead by example, adapt my style according to team members, share the merit for success.

### ○ Problem Solving

While working on final year project in college, I learned things might not always go as planned, so you need to identify the problem, understand its complexities and solve accordingly.

### ○ Time Management

College life taught me how to be punctual, plan ahead and meet deadlines which has brought out a disciplined version of me.
